Cabinet dimensions include 100mm legs, with 150mm options available. When choosing 150mm legs, tall cabinets should be ordered 50mm higher, changing the height from 1430mm to 1480mm, 2133mm to 2183mm, and 2333mm to 2383mm. This ensures design continuity.

Cabinets with aluminum frames come standard with TIP-ON opening.
